**The Enlightenment Method:
A Practical Approach to Mastering Your Life**

Darius: Hello everyone and welcome. I apologize for being slightly, a little bit... We've got three minutes past, but I wanted to be sure that we had everything running and had a great conversation with our next guest, Larry Crane. And, you know, I want to just be completely transparent. Many of you know we were talking about last week my mother-in-law past and I had a dialogue with Larry about that and there's some amazing insights that are going to come from this call and I believe that everything that comes into my path and Larry's path and all the development that we're all doing as teachers and healers and people wanting to spread more enlightened ideas and more love into the world, it's all for the right reason, it's all in divine timing.

And so what's Larry's going to be sharing today... He told me personally there's some things he's never shared, that for many people are so powerful and even so out there from what he's traditionally shared that he knew it was time now. He knew it was time to bring this out. And so I want to just be very clear. This is going to be an incredibly powerful call and we want to make it powerful for you. I believe that the time is now.

And so let's do this. First thing I want to say is if you want to get on live with Larry and go through some of the release work, you can hit *2 to raise your hands. And that's going to send a flurry of people raising their hands but... Here's the other thing I want to do. I want all of you just to be present, because even if we work with you or we don't, you are going to get some effects by listening.

We're going to have some incredible audios that are going to be shared as well and you're going to get to feel and hear some incredible things, and Larry's going to tell you what that is about as well.

Do this for us though. Before we get started can you share on www.youwealthrevolution.com/now - just that we are going to be doing live releasing on this call. We're going to be hearing some things the no one's ever broadcasted before out there, so it's going to be very powerful, and we're going to be sending a huge amount of love to everybody and a huge amount of just goodwill and enlightenment. So tell your friends and family, join us and share this message.

Now, we're going to really talk about how you can easily experience true realization and how you will be able to gain freedom, wealth, health, harmony and all alignment with people and things that you come in contact. We're going to also help you to get to a place where nothing and no one could ever bother you again.

Larry and Lester called this 'realization'. This is the space of realization. And you'll be taken to a place where you feel truly abundant, truly knowing, and you'll know what is stopping you. We're going to actually put our finger on it. That's the thing I love about Larry is that he is going to tell you straight out this is what's stopping you, and you're going to see how to dissolve it, and people are going to dissolve it on the call, so it's going to be very exciting.

I'm going to share a little bit about Larry. I know he's been on the You Wealth Revolution before, but you're going to feel some very interesting energies today as we do some things we've never done before. So get ready.

Larry is a bestselling author. He's a self-made millionaire and a director of the world-renowned Release Technique that was founded by Lester Levenson. And Lester was recognized by millions and millions of people as a true realized master.

When Lester transcended and left the earth, he asked Larry to continue his work. The effectiveness of the Release Technique method has been verified by researchers at Harvard, Columbia, UCLA and other prestigious universities. And the Release Technique is not positive thinking, it's not inspiration. It is simple, it's profound and it's actual. It's experiential. It is a real technique to eliminate hidden subconscious blocks and negative energy and let go of that conscious and unconscious thinking that is standing in the way of your optimal health, your happiness, your abundance and your success in all areas.

This method has been taught to over 100,000 graduates worldwide, including Fortune 500 executives, athletes, CEOs, authors, thought leaders, celebrities, healers, people from every walk of life so they could begin to let go of the toxic emotions, the stress, the energetic blocks that are holding them back from the abundance and joy that is out birthright, and Larry's here today to do the same thing for each of you.

So, Larry, welcome back to the You Wealth Revolution and just welcome and thank you for coming and being here.

Larry: Oh, it's my pleasure, Darius. It's always my pleasure. You're a man who is in the forefront of what's going on there in the consciousness world and you're moving at a rapid pace yourself. I've listened to you all the time and the difference is when we first started, which was about 5 or 6 years ago, the difference is amazing. You're not the same person by a long shot.

Darius: Well, thank you.

Larry: And so it has been growthier... And the reason I'm here today is because it looks like people have stepped up through a way of thinking that is much more advanced than it ever was before. People are looking for better answers than they had before.

Take a look at what's going on in the world and most people are tremendously bothered by what's happening in the government, the layoffs, with this, with that, and it's mostly negative all over the place. And you don't have to be. The truth of the matter is it's up to you and each one of us. Each one of us is totally enlightened right now, totally or in an unlimited potential and vibrating at a very high level. And there are others who are vibrating at a lower level. And to the extent that you're vibrating at a lower level is the extent you're not nearly as successful as you could be if you were vibrating in a higher level. That has to do with health, with money, with relationships, with everything you could imagine.

So I'm here to show you how to move up into a high vibration. It's real simple.

Lester Levenson was a man that I met in 1956. Lester was a physicist and an engineer. I didn't really know who I was hanging out with because Lester did not have an ego. He didn't try to be important at all. He was a simple man. In fact, I knew him and if it wasn't for him I would have been dead years ago because I was

really at a point where I was so successful, had all the toys in the world and I was miserable. And I thought of jumping. And many of you heard that story. And then I looked around and I found Lester and he became my friend, and I didn't really know who he was, you see. I was hanging around him for about five years and I didn't know who he was. And one day it hit me after taking an advanced course with him. And I called him up and I said: 'Lester, how many people are like you or been like you who know what you know in the history of the planet?' And he said: 'Well, a few of us come around every once in a while, but if you are interested I'll show you how to do it.'

And so what I'm here to do is if anybody here is interested in being enlightened, we're here to show you. And that was Lester's mission. He wanted to get just the 10% of the planet so we don't have to destroy the planet. Now, with your help, Darius, and the audience out there, we could possibly get to those kind of places, which is I know what you're trying to do anyway. And that's all good.

And recently I began to listen to a lot of these calls that you've been having and others have been having and it's moving up into a very high vibration.

When Lester transcended he wanted to share this with the world. He never wanted to keep it to himself at all. So he went around the world giving talks to people all over the world. And fortunately they were all recorded. Now, I don't know anybody that has a recording of Jesus or Buddha or Yogananda or some of these other high masters that are world-renowned and knowledgeable and known as a real true master. And Lester was. And we have these recordings. We're lucky to have them.

And so what I wanted to do is to have you get a sense of what Lester's talking about. I'm playing a short video and then I would like to show you what he's talking about and move it to a higher level.

Now, when Lester went around the world, Lester was a result-orientated guy, being a physicist and an engineer. If you're a physicist and you have a formula, you have to prove it to the world. You have to prove it. But not once - a number of times. If not, it's not valid.

Darius: True.

Larry: And Lester was into proving himself. What I love about the method is it's not what you say it's what you do. You have to prove it. One of the first things that Lester told me when I met him was: 'There's no such thing as germs.' I thought: 'What are you crazy?'

In those days I had every illness. You name it. I had migraine headaches, allergies, you name it, and he tells me there's no such thing as a germ, because Lester had no limitations. None.

And I'm one of those guys, I'm like you, Darius. I don't listen to what somebody says. It's what you do, that's what counts.

Darius: Yeah.

Larry: And so I walked away from that meeting and I thought to myself: 'If he's right, I get to get rid of all my illnesses. And if he's wrong, I got nothing to lose; I'm back where I started.' So I applied Lester's technique and I haven't seen a doctor in 35 years. I wouldn't go near one of them with a 500-foot pole.

So unfortunately most of the world relies on these people because we they don't know any better. The truth of the matter is no one has to be sick, no one can die, everybody is unlimited and they're acting in a very unlimited way. So we're going to explore what that is, so we can move to a higher level.

Okay. So look, why don't we play a Lester audio and then...?

Darius: Okay.

Larry: It's a very, very advanced thing. The reason I didn't come out with it is because basically what Lester did is he did it and people were coming in to listen to his talks all around the world, and when he came back a year later he noticed that they hadn't moved, that they were getting high off his energy. And so he said: 'I've got to come up with a formula where they can do it themselves without relying on me.' And that's when he came up with the technique. We now call the Enlightenment Method. What is it? It's a release technique.

And he came up with it and it's real simple. We've taught this to five-year-olds, and millions of people have known about it all over the place. So I'd like to have you listen to a little Lester audio. It's only a short one. And then I'm going to actually give you an experience of exactly what he's talking about. Would that be okay with you?

Darius: Yeah, let's do it. What I want to do is we're going to do two things. Number one, I want to share that we're going to take callers, so we're going to do the release work. And number two, we're going to play this audio from Lester.

The thing I wanted to ask you, Larry, about Lester, because a few people may not know all of Lester's story... He actually was somebody that he was diagnosed and they said: 'If you don't do certain things you're going to have... your life's not going to go on very long.' And he decided he was going to find the answer himself, right?

Larry: Yeah. Well, at the age of 42 years old Lester was a physicist and an engineer. And at the age of 42 years old he had a second massive heart attack and the doctors sent him home to die. They said: 'You've got a couple of days to live and we're sorry to tell you that there's nothing we can do for you.'

So he thought to himself: 'If I don't find an answer, I'm a dead man, and I don't want to die, so I got to find an answer.' So what physicists do is they erase the formula if they have a formula that's not working. They erase it totally and start from scratch.

So he started to examine his life and he noticed that at times in his life that when he was looking for love and being negative, he was ill, and at times when he was loving and being positive, he was well. So he came to the conclusion that if I can get rid of my non-loving feelings, could I get any better?

Darius: Right, right.

Larry: Now, he stumbled upon a method. Now, everything in the world is energy. We're all energetic and you've been working on that. And to whatever extent you're vibrating at you want to vibrate it a vibration called happiness and love. At that extent then there are no impossibles once you get to that place.

So he came to the conclusion that if I can get rid of my non-loving feelings could I get any better? And he worked around the clock and got rid of all of his non-loving feelings - not some of them but all of them – and what happened was he totally cured himself. He never saw another doctor for the next 40-something years. He was the most vibrant guy that I ever met. In his mid-seventies he was playing tennis with us and we were huffing and puffing and he wasn't. So he just had no limitations at all, which was proof that a man is walking his talk.

So everybody can get to that place and the time has come for everyone to be in beingness, is what he called it, and catapult your vibrations and frequency into the universe, but in the positive way, not in the negative way.

Darius: Absolutely.

Larry: That's what he showed me and that's what I'm here to show anybody who wants to hear.

Darius: Okay. Alright. Well, let's do this. So this is Lester in his own words. When did you discover...? How old are these recordings?

Larry: Oh, they're 30-something years ago.

Darius: Wow. Wow.

Larry: But the quality is pretty good for an old audio.

Darius: Okay. So I'm going to open this up and we're going to play this now. As people are listening to this, I'm going to be listening too. You talked a little bit about the vibration. There's an energy that comes from these that people are going to begin to feel. So is there anything they may need to be doing - just listening, just tuning in?

Larry: Just listen to what he says. He's speaking truth.

Darius: Okay.

Larry: And he's telling it like it is.

Darius: Okay.

Larry: He's telling you what you are and he's telling you what you need to do to get there.

Darius: Okay. Okay.

Larry: The problem is we have too many programs in the way that we can't hear what he had to say. And I've listened to this audio thousands of times and each time I listen to it I get something else out of it.

Darius: Right. Okay, hold tight. Here we go.

Lester: Greetings and love to each and every one of you. I think the biggest surprise tonight was to me. I didn't know I was going to talk until about 10 minutes before eight this evening, when I was told I was going to be the surprise. So I began thinking, you know, what am I going to talk about? Talk about you or talk about me? Then I realized, what's the difference?

We are all in the very same boat called 'life'. We're all doing, in my eyes, the exact same thing that I did. We are all looking for the *summum bonum*, the highest good, the ultimate place, the greatest happiness. And we're about it all the time, struggling for it, struggling for it, looking for it, looking for it, wondering where it is.

Well, back in 1952 I claimed I'd found the place. It's right where I am. It's right where you are. And all this looking for it everywhere, everyday, year in and year out, is such a waste of time. Why? It's right where you are.

We're all here in this classroom called 'earth' trying to discover something, the ultimate, and we're all looking for it externally, where it isn't. If we will only turn our direction back upon ourselves we will discover it's right here where I am, where you are, right in your very own beingness.

I say: 'Are you?' You say: 'Yes.' I say: 'That's it. Do nothing else but that and you'll be in the ultimate good and the ultimate state of happiness.' So why don't you do it? You're so habituated into looking for it over there, over here, in him, in her, in this job and it never is there.

So we're all going through the same trip of trying to discover what is this all about; where is my happiness. And when we stop chasing after it out there and we turn inward, we discover that all these hard, negative, terrible feelings are only a feeling, and that it is possible to get rid of these feelings by releasing them.

And all these feelings are subconscious programs, every bit of them put in as pro-survival. It's not only fear, as they say in 'fight or flight' that it's survival. All our feelings have been programed in to automatically keep us surviving. They keep us all the time looking out there, trying to survive. Keep our mind active subconsciously 24 hours a day, so never for even one moment do we stop thinking and discover what we are.

If you could just stop your thinking for one moment, you will go through the most tremendous experience there is, that you are the totality of this universe in your beingness, that when your mind goes quiet you automatically see I am the most terrific being there is in this universe. I am whole, complete, perfect. I always was, I am now, and I always will be.

So what is it that keeps us from being in that most delectable space there is? Simply the accumulated programs called feelings. All these negative feelings have us constantly struggling to survive, have us constantly looking away from this tremendous thing that we are. And all we need to do is just quiet that mind and we become self-obvious to ourselves of this tremendous loving being that we are.

How do we do it? I say it's simple. The Method. It happens to be the fastest, the most effective way there is to achieve this high state of being, where we are in total control of our universe; where every moment is a wonderful, wonderful moment; where it is impossible to be unhappy. And I say that's our natural state when these negative feelings are released.

Someday you're going to do it. You're in the same boat. You're struggling. You're doing everything to achieve that happiness but someday you'll get it because you will never stop until you get there. But if you want to do it faster, try our way. I promise you you'll be very pleasantly surprised.

Everything you're looking for is right where you are. All you need to do is to pull up the blinders. Your vision is very blurred. You're looking through all these subconscious programs. When you release them, your vision becomes clear, you discover you are the greatest, you're whole, complete, you're eternal. All your fear of dying disappears and life is so comfortable after that and there's no struggle, no struggle whatsoever when you get these negative feelings up and out.

So I urge you to take this method. It's a tool. In one week's time, there'll be a big change in you for the better and from there on you will continue to get better and better and better, lighter and lighter, happier and happier. And this thing called love is your basic nature. All the love there is in the universe is right in your basic nature. And you'll discover that happiness - your happiness - equates to your capacity to love and, conversely, all your misery equates to your needs to be loved. Just love, love, love and you'll be so happy and healthy and prosperous. But again you need to lift out the non-love feelings.

So again I urge you to try our way. I promise you you'll be very satisfied. Try it. You'll like it. Thank you so much for coming.

Darius: Okay. Larry, you're still there?

Larry: Yeah.

Darius: Okay. Very, very interesting audio. Tell me, Larry, in your own words, you know, as you wanted to share that, what do you think the most important thing people can get out of that would be?

Larry: That (1) they already realize that they don't have to do anything, that they could activate their beingness and ignite their unlimited potential. And what if beingness was activating your health and finances and relationships? And what if you can harness that unlimited energy and become one with everything in life? And what if your dreams, every dream you dreamed of was possible? And this is possible when you turn away from the world and away from the thing called the mind or the ego - call it whatever you want to call it. That's where our trouble started. And there's a story about it in the Bible.

In the beginning, Adam and Eve are in the Garden of Eden. Did they have wars? Did they have to get flu shots? Did they need insurance? Were they worried about the Government going out of business? Did they have to work? No they didn't. They were in the Garden of Eden. They were in Paradise. And that's our home base. But

we left. We literally left.

Darius: Yeah.

Larry: And the story is that they went and they ate the Apple of Knowledge. Now, most people have no clue what that means, but what it means to me is that when they ate the Apple of Knowledge they started to think. And as soon as they started to think, Cain killed Abel, and they got kicked out in the Garden of Eden and it's been downhill ever since.

So, unfortunately, how many places do we have where people are quieting their minds? There are some, but how do you quiet your mind in a practical way?

Now, there was a man called Buddha in the year 527 BC. He said that life was suffering and the cause of suffering is wanting, desire.

So there are three things that stop us from experiencing constant happiness and constant joy and bliss and constantly moving closer and closer to a thing called beingness. We have a thing called human beings but we don't act that way. We act like human minds, involved in the world, and the more you're involved in the world the more frustrated and unhappy you get, if you haven't noticed, you see.

But if you quiet your mind you turn your direction towards love and positive and happy, which is what everybody's looking for, your life totally transforms. Everything around you. All problems disappear. All limitations disappear. Everything happens in an effortless way, in a totally effortless way, and I'm here to show you how to do it.

So what stops us really is fear, resistance... We're literally resisting a thing called beingness, and I'm going to tell you why... One thing, and desire.

If you look up the word 'desire' in the dictionary, or 'wanting', it says 'lack, despair and poverty'. That's the definition of wanting. And you'll discover that the mind is creative, so what you hold in mind it what you get. You see?

And most people are being bombarded by negativity all over the place, by newspapers, television and all the other stuff, and it's putting all kinds of negative programs in our minds. And we came here as a little baby, totally defenseless and totally believing anything that anybody told us. After all we couldn't take care of ourselves. So it's like Mommy, daddy take care of me, you see. Here I am. I'm totally defenseless. Tell me what to do.

And if you notice little kids they laugh all the time. You notice that? They're happy, they're laughing, they've got an enormous amount of energy, they're running around. Do you notice that?

Darius: I do. I've got two thirteen-month-old boys that show me that every single day.

Larry: Then you know exactly what I'm...

Darius: Oh yeah!

Larry: So what happens when they get to be five or six or ten years old? What happened to it?

Darius: We'll see, hopefully.

Larry: Somebody did a study about that, Darius, and they said that mothers tell their children 80 times a day 'no'. And we just pass on one insanity to another insanity. You've got to dress warmly, look out for strangers, watch what you're eating. And it's mostly negative stuff because of the thing called 'worry', and mothers think that they're supposed to worry about their children and the more they worry about their children the more loving they are. And the truth of the matter is nobody likes when somebody worries about them. Very few. I've asked hundreds and hundreds of people in my classes: 'Raise your hand if you like when your mother worried about you,' and hardly anybody raises a hand.

And yet we're doing it. So it's the insanity that gets passed on and passed on and passed on. So Les discovered how to get back into the Garden of Eden, what it feels like and how to stay there. And, boy, is it terrific, you see. But it all comes down to love.

Darius: I agree. And we've got quite a few people with their hands raised. I'm going to share again... Hit *2 to raise your hand if you want to get on live with Larry. And then really quick... Got a quick question that just came in from one caller. Does this work on everyone? Are there some people that the Release Technique doesn't work on or have you found situations maybe that it doesn't work on or does it work on just about everything?

Larry: It works on everybody because everybody is a human being.

Darius: Okay.

Larry: And everybody is connected with beingness. However, there are some people that are not that interested, and if they're not open to it, it won't work, you see.

Darius: Right, right.

Larry: It's something you do. It's not something that somebody tells you about. You do it. And it's really simple to do. Again we have classes and we show five-year-olds how to do this thing. And five-year-olds have very little resistance. They're just going to do it, you see.

Darius: Yeah.

Larry: And it's easy for them, you see. They're hanging around in joy most of the time, you see. They're laughing all the time. They have so much energy, it's hard to contain them. So you know what I'm talking about.

Darius: Oh yeah. Let's move some people into that. Let's do that. We've got limited time and obviously limited phone lines here - you know, we have a lot but we do have a lot of people raising their hands. So here's the thing I'm going to say. If you're not chosen to do this, listen in. Can they follow along, Larry, those people that aren't live?

Larry: Absolutely.

Darius: Can people follow along and do some of the releasing? Okay.

Larry: And I'd like to hear... If they follow along I'd love to hear you read some emails. When people are following along will experience... Because you heard what Lester said. He said: 'Talk about me, talk about you, and I realize, what's the difference?'

Now, most people don't talk about that but because Lester was dealing with oneness... He doesn't see himself being separate from anything or anybody. Love is one, all one, you see. No separation whatsoever. And our problem is we're trying to separate ourselves from all of those things in the world that are negative, and when you try to separate yourself from those things, you become those things because the mind is creative. Hold in the mind what you want not what you don't want. Most people are holding in mind what they don't want, therefore they become that.

Darius: Right.

Larry: Let's say I'm angry. You're not angry. You have a feeling you're angry. You can let go of a feeling. But if you say 'I'm angry, I'm frustrated, I'm afraid' you become that. And the mind is nothing but a computer. That's all it is. It works just like a computer. Garbage in, garbage out. That's all it is. It's a very limited thing with very limited information in it. And we're relying on it. So let's work with some people and see where we go.

Darius: Okay. We've got... it looks like Sydney Kelly perhaps in Indiana at a 574 area code. Sydney, are you there? Or is Kelly, excuse me.

Kelly: Yes, I'm here.

Larry: Okay.

Darius: Hello.

Larry: So is that Sydney?

Kelly: No, it's Kelly.

Larry: Oh, Kelly. Okay. Good. Talk about me, talk about you, and I realize what's the difference. So how can we help you, Kelly?

Kelly: Well, I have been a visionary for decades. I'm an elder and I have been very involved in trying to help us to wake up to why we're here.

Larry: Good.

Kelly: And I have been inundated with all kinds of health issues. Absolutely swept out of action because of things on every level - mental, physical, whatever. And I want to rise from these ashes and be on the front line again because I'm really excited about the time that we're in but I have no energy or clarity. I've just been swept off my feet by so many things.

Larry: Okay. First of all you used the wrong words there.

Kelly: Pardon?

Larry: See, the mind deals in words. It deals in pictures not words. We just don't even know how to communicate on the planet. But the mind deals in pictures not words. So if I say don't fall down, what's the picture you get? Falling down. And if you have a picture that I have no energy, what's the picture you get? No energy. And the mind is just a servant. It's a computer, you see. 'Oh, okay. Kelly wants me not to have a lot of energy. Okay, I'm just going to listen to her.' You see. We just don't know how to talk to it.

So can you see that you have a picture of no energy and you're inundated by all kinds of problems right now? And can you see that you're trying to separate yourself from those problems?

Kelly: Yes, yes.

Larry: Okay. So could you let go of separating yourself from those problems and just for a moment right now, could you allow yourself, because it's your consciousness that's coming out of your mouth, could you allow yourself to be one with that consciousness?

Kelly: Yes.

Larry: And could you let yourself surrender to that consciousness?

Kelly: Yes.

Larry: And what are you experiencing right now?

Kelly: There's nothing to worry about.

Larry: How did you get that fast? How did that happen that fast? Now, when's the last time you really laughed like you're laughing right now?

Kelly: It's been a while.

Larry: Right. And look what happened in a couple of minutes. Now, let's go a little deeper into what happened, alright? Because I can get you to this place where you're higher than a kite and that's terrific, but you need to do it yourself. Does that make sense?

Kelly: Yes, yes.

Larry: The fact that I can lead you through it, I know how to do it, I'm been doing this for 35 years, but you need to do it, you see?

Kelly: Yes.

Larry: Now, can you see that you've been asking your mind what your problem is and how to resolve it?

Kelly: Yes, yes.

- Larry: Well, go ahead and ask it. Ask it right now. How do you resolve having a higher energy and eliminating the problems that you have? It doesn't have an answer, right?
- Kelly: I don't focus on the problem.
- Larry: It just doesn't have an answer. You are focusing on the problem. You have been, you see. And you're asking your mind how to eliminate the problem. So go ahead and ask your mind: 'How do I eliminate my problems?' You've been asking it. Can't you see that? But you're doing it zombie mode. You don't even know you're doing it.
- Now, when we don't have an answer... Everybody has a program that says when I don't get an answer... Because we were brought up in a little crib and people told us what to do – Mommy, tell me what to do. Daddy, tell me what to do. See? And so we were lost, because right away we got dependent on these people for our very survival. If they didn't tell us what to do or they didn't like us, we could die. You get it?
- Kelly: Yes.
- Larry: So what you've done is... Everybody has a program that says: when I don't find an answer, I beat myself up. Now, can you see that you've been disapproving of yourself?
- Kelly: Yes.
- Larry: That's the antithesis of love. So now you need to make a decision. I'm going to be positive and love myself or I'm going to be negative and beat myself up. What do you decide?
- Kelly: I'm going to be positive and love myself.
- Larry: Okay. And everybody follow along. So could you let go of disapproving yourself?
- Kelly: Yes.
- Larry: And could you let go of disapproving yourself a little bit more?
- Kelly: Yes.
- Larry: And could you let go of disapproving yourself a little bit more?
- Kelly: Yes.
- Larry: And a little bit more?
- Kelly: Yes.
- Larry: And a little bit more?
- Kelly: Yes.
- Larry: And you notice you're feeling a more joyful?

Kelly: Yes.

Larry: Could let go of disapproving yourself a little bit more?

Kelly: Yes.

Larry: And a little bit more?

Kelly: Yes.

Larry: And a little bit more?

Kelly: Yes.

Larry: And could you give yourself some approval just because?

Kelly: Yes.

Larry: And could you give yourself a little bit more approval?

Kelly: Yes.

Larry: And could you give yourself even more approval?

Kelly: Yes.

Larry: And a little bit more?

Kelly: Yes.

Larry: And more?

Kelly: Yes

Larry: And even more?

Kelly: Yes.

Larry: And how much approval can you give yourself?

Kelly: A whole world of approval.

Larry: Alright. So could you do that? Could you surrender to approval? Could you just align yourself in oneness with approval, with love?

Kelly: Yes.

Larry: How does that feel? What are you experiencing right now?

Kelly: It feels great.

Larry: Alright. Now, all of those things that what made you heavy, that caused your energy to go low, was because you were fighting with them. Can you see that?

Kelly: Yes.

- Larry: And you were picturing 'I've got a problem'. So if you're picturing you have a problem, to the mind you have a problem.
- Kelly: Yes.
- Larry: Alright?
- Kelly: Yes.
- Larry: And it was all kinds of stories that you could go on for an hour and tell me the stories. Can you see that?
- Kelly: Yes.
- Larry: Those stories are 100% useless. It doesn't help us at all. And everybody's got stories. Alright?
- Kelly: Yes.
- Larry: So when you connect to beingness, there's no stories. It's only positive. There's only happiness, there's only love. And when you connect to it and you get used to hanging around beingness, all that happens is wonderful things happen. There are no problems. People who have bankruptcy get rid of bankruptcy. People who are going to get foreclosed, get rid of them. People who are having the severest illnesses that you can imagine, they disappear. People who are having relationship problems with divorces, they disappear when you're connected to love, which is the same as beingness, alright? So what are you experiencing right now?
- Kelly: A lifting and lightness that I haven't experienced for a while, for a long time.
- Larry: Right. Now take a look at the pictures, the story that you told. It's probably still somewhat in your mind because you're telling it for a long time. Can you see that? And it's a program. So if I sit in front of my computer and I type in, 10 minutes after I turn you on you'll get turned off, that computer's going to do that forever, you see. And Lester said in his talk - he said about fear - was fight or flight, you see.
- So unfortunately we've been brainwashed to think that fear is a good thing. Our parents trained us and that's what robbed us from our happiness and our joy. And after a while you don't even see that and you think that fear is going to help you live. It's a survival feeling. That's not true at all. Nobody could die. It's impossible to die, but you have to experience it.
- Darius: Fantastic.
- Larry: Alright, so can you allow that story...? There's a television show called *I Dream of Jeannie* where she evaporates out of a bottle on command. Can you allow that story that you have... could you just close your eyes and allow that story to evaporate and dissolve?
- Kelly: Yes. It's just disappeared into the universe.
- Larry: Right. Now is there a problem?

Kelly: No.

Larry: So where was the problem? In your mind. Can't you see that?

Kelly: Yes, and my body will change.

Larry: And if you've got rid of your problem in your mind, the body... The mind is the thing that controls the body. And unfortunately we turned all those things and looked away from beingness, and everybody is ready for you right now and everybody is connected to beingness all the time looking away from it, you see.

When you think about the worst things... Everybody think about the worst thing that ever happened to you - the worst thing that ever happened to you. Didn't it always turn out? Kelly, didn't it?

Darius: She just said yes.

Larry: Okay. I didn't hear you. Because when you get sick and tired of fighting and fighting and fighting, everybody finally surrenders to beingness and it turns out.

Darius: Yeah. Okay. We've just got a...

Larry: Why don't we just hang around in beingness all the time? Yes, go ahead.

Darius: We've got another caller, Larry. I want to take some more callers because we're getting short on time. We have a bunch of people raise their hands, so there's definitely a lot of people and I want to work through them if I can. Sorry for jumping in. We have Elizabeth. Elizabeth, are you there at 828 area code? Elizabeth? Are you there?

Alright, let's go on. Hopefully she'll... We've got Ellen and she's in Elk Grove, Illinois. Ellen, are you there? Ellen, are you there? Hello? Ellen? Yes, it's you.

Ellen: Hello?

Darius: Yes, it's you.

Larry: Hi, Ellen.

Darius: Hi, it's you.

Larry: How can we help you?

Darius: It's you in Illinois. Are you calling from 847 area code?

Larry: Sounds like she's...

Ellen: Oh yes. Hi.

Darius: Okay, there she goes.

Larry: So how can we help you, Ellen?

Ellen: Issues with romantic jealousy.

Larry: Okay. So unfortunately you're giving up your happiness because you think you have a loving relationship with somebody, you see.

Ellen: I'm sorry.

Larry: You think that somebody's doing something for you. Can you see that?

Ellen: Okay.

Larry: And you're feeling sad about it, am I correct? Let me tell you something. The jealousy is not love. Can you get that? I'm not sure the phones work.

Ellen: Right.

Larry: So jealousy comes on to the heading of desire. I told you what a man called Buddha said, that desire is a cause of suffering. And that wanting - you wanting that person to do something for you - can you see that?

Ellen: Yes.

Larry: And because you can't get it you're beating yourself up. Can you see that?

Ellen: Yes.

Larry: And you're also beating them up. And you wonder why they don't want anything to do with you. So now you need to make a decision. I'm going to be positive and love that person or I'm going to be negative and beat him up. What do you decide?

Ellen: Well, I've been choosing being negative.

Larry: What do you decide right now? I'm not interested... I know what you did and that will only gets you the same results. If you always do what you always did you'll always get what you always got. That's an axiom that's true.

Ellen: Right.

Larry: So what do you decide right now? Could you let go of disapproving of them? And don't do it for them, do it for you. Could you?

Ellen: Yeah.

Larry: See, you're not willing to do it, Ellen, so I don't know how to help you. Do it for you not for them. Once you try it you can always go back to hating them. And you'll continue to get the same results and you'll continue to be unhappy. So, look, on a scale of zero to ten, with ten being the most jealous and zero being the least jealous, where would you be right now?

Ellen: Eight.

Darius: What number would you be at? I just want to be sure I heard her.

Ellen: Eight.

Darius: Eight. Okay. Did you hear that, Larry? Eight.

Larry: Okay. I could show you how to get rid of the jealousy but you're going to have to do something totally different than you're used to doing. Are you willing to do that?

Ellen: Yes.

Larry: Did you say yes?

Ellen: Yes, I am willing.

Larry: Okay. All I need you to do is to say yes to the jealousy, that's all. So could you say yes to the jealousy? Could you say yes to the jealousy?

Ellen: Hello?

Larry: Ellen, could you say yes to the jealousy?

Ellen: Could I say yes to it?

Larry: Yeah. I said: 'Would you be willing to do something different so I can help you get rid of the jealousy?'

Ellen: Yes. Absolutely.

Larry: So could you say yes to the jealousy?

Ellen: Yes.

Larry: And could you say yes again?

Ellen: Yes.

Larry: And could you say yes again?

Ellen: Yes.

Larry: And could you say yes some more?

Ellen: Yes.

Larry: And could you say yes some more?

Ellen: Yes.

Larry: And could you say yes some more?

Ellen: Yes.

Larry: And some more?

Ellen: Yes.

Larry: And some more?

Ellen: Yes.

Larry: And some more? Now on a scale of zero to ten, with ten being the most jealous and zero being the least jealous, where would you be right now?

Ellen: Four.

Larry: So we went down from an eight to a four. Do you feel a little lighter?

Ellen: I do.

Larry: Okay. So we know that we're moving in the right direction, right?

Ellen: Right.

Larry: Alright. Now, this is going to surprise you but follow along with me. I've been doing this for a long time. I want you to talk to the jealousy. Say: 'Jealousy...' Say it. 'Jealousy...'

Ellen: Jealousy.

Larry: Do you want to leave?

Ellen: Do you want to leave?

Larry: What's it say?

Ellen: Yes.

Larry: It wants to leave. It couldn't possibly leave unless you give it permission, because you're in charge, you're the boss. Except you weren't acting like the boss. You were acting like a victim and therefore you didn't delete it. And when you want to delete something in your computer, your computer says: Are you sure you want to delete me, yes or no? If you don't hit the Yes button it doesn't get deleted. And what you were doing without realizing it, you were hitting the No button because you didn't like jealousy. Can you see that?

Ellen: Yes.

Larry: So you hit the No button. Alright. Now by saying Yes you started to open it up a little bit. So just say to the jealousy 'I love you'.

Ellen: Okay.

Larry: Say it out loud. I love you.

Ellen: I love you.

Larry: I really love you. I really love you.

Ellen: I really love you.

Larry: Now you're starting to laugh. And I really love you, jealousy.

Ellen: I really love you, jealousy.

Larry: I love you if you leave.

Ellen: I love you if you leave.

Larry: And I love you if you stay.

Ellen: I love you if you stay.

Larry: I just love you unconditionally.

Ellen: I just love you unconditionally.

Larry: Now on a scale of zero to ten, with ten being the most jealous and zero being the least, where would you be now?

Ellen: Well, probably one, two.

Larry: It went down to a one. Does that not feel lighter? Okay?

Ellen: Yeah. My heart feels lighter.

Larry: Alright. Now, that quiet place. Can you just surrender..? Look, there's some resistance to letting the remaining jealousy go. It doesn't make any sense. You're not discriminating. Now, I thought I heard you say that jealousy wanted to leave. Did I hear you right?

Ellen: Yes.

Larry: And are you the owner?

Ellen: Yeah.

Larry: You're the owner. And does it even feel nice, the remaining jealousy? Does it even feel nice?

Ellen: No.

Larry: So could you let go of the jealousy even if you explode? You couldn't be more out of control right now, so could you let go of that jealousy - right now?

Ellen: Yes.

Larry: Alright. So what are you experiencing now?

Ellen: I'm feeling it in my heart.

Larry: Okay. Now, could you allow that...

Ellen: I feel much lighter.

Larry: Right. It's not the jealousy that you feeling in your heart. You're feeling love in your heart. Now, could you allow that love to expand?

Ellen: Yes.

Larry: And could you allow that love to expand some more?

Ellen: Yes.

Larry: And a little bit more?

Ellen: Yes.

Larry: And a little bit more?

Ellen: Yes.

Larry: And more?

Ellen: Yes.

Larry: And what are you experiencing right now?

Ellen: A lot of like want or tingling in my chest.

Larry: Alright. That's the love that's now coming up so we could wash away all that hatred that you had. And that was stopping you from being loving. Now, take a look at the person that you're jealous of and see if they're not smiling at you right now. Close your eyes. They're smiling at you, right?

Ellen: Right.

Larry: Now, we don't realize it but we're all sending and receiving signals. So if you send a picture to somebody that you're a jerk; I hate you; I don't like you, they're not going to be nice to you. They're picking it up. We call it a good vibe. I get a good vibe or I get a bad vibe.

When you know how to turn the real love on - I'm not talking about blowing in somebody's ear - I'm not talking about Dale Carnegie - I'm talking about the real unconditional love, the other person will chase you all over the place.

How many people on the planet know what love is? Not many of us. For most people what love is is as long as you do what I want you to do I love and when you don't I don't love you. And that's what you were doing with this person. Can you see that?

Ellen: Yes.

Larry: You were looking to take something instead of giving them.

Ellen: Right.

Larry: Love is the answer. They're looking for love and you're looking for love and you say: 'Well, you do it first. No, no, no, you do it first.' So nobody's doing it. We're back in the...

Ellen: Right.

Larry: Get stuck in the same problem...

Ellen: Wow. This is amazing. Thank you.

Larry: How do you feel now?

Ellen: Much better.

Larry: You have a lot more clarity, see.

Darius: Wow. Very cool.

Ellen: Yeah.

Larry: Alright.

Darius: Very, very cool.

Larry: Thank you, Ellen.

Darius: I want to do this: Larry, a lot of people have been asking a question about maybe something that we can do with the whole audience. We've got a lot of people on the line and obviously as we're going deeper with people and we're getting some very cool results, a lot of people would like... Maybe is there a general thing we can do just to take something people might be feeling and just help them to practice some of the release techniques on that?

Larry: We could do that. Sure.

Darius: Okay. So everyone can follow along here. And what I'd like for everyone to do is follow along. You know, you're going to have maybe your own issue that's going on. You can literally just sort of put that into what Larry's asking you to do and just allow that to begin to be released. And then share what's happening at www.youwealthrevolution.com/now. Let us know, because we want to see. And also I want to know what the different things are that you were feeling so we can kind of see across the whole audience what were some of the things that got released today. So tell us what was going on before we did the release and then tell us what's going on after, okay? And, Larry, yeah, take it away.

Larry: Okay. So on a scale of zero to ten with ten being the heaviest... You see, a lot of people are sitting on a lot of heavy feelings. And since we didn't know what to do with it we have a tendency to suppress them. The three things that people do with their feelings, they suppress them, express them or try to escape them. None of those things work, you see.

If you're a good expresser and you express on somebody, they start crying or they express better than you do. What do you do with those feelings? You suppress them. And if you take a vacation... Most people will try to take a vacation. What do you when you come back from a vacation? You've brought your garbage with you.

So wherever you go you're taking it with you or if you empty yourself out wherever you go, you're taking your joy with you. And you do have it with you except you're blinded by it.

So on a scale of zero to ten, measure yourself where you are today on the scale of heaviness, ten being the heaviest and zero being the least heavy.

Darius: Okay.

Larry: If you want to call it stress, I don't care. Call it whatever you want to call it. It's the same thing.

So what I'd like you to do is I can help you get rid of that heaviness and all you have to do is open up, open up wide open. Instead of pushing down on it, invite it up. It wants to leave. Every feeling wants to leave. You heard the lady say... She talked to the jealousy and it said it wanted to leave.

So open up and invite it up, instead of pushing down on it, which is what our tendency is. Invite it up and let go of judging it. It's not good, it's not bad, it's just energy, and this energy wants to leave. Just get out of the way and allow it to come up and allow it to just pass through. And you leave the realm of negative and you'll start moving into the realm of beingness. If you notice, you're feeling a lot lighter and a lot lighter just by letting it go.

Now, keep allowing that energy to pass through and allow it to pass through some more and a lot more and a lot more. And if you notice, you're starting to tingle all over your body, your heart's opening up, it's starting to spread all over your body. That's beingness and that's always been there. And just allow it to expand. And more.

Now, on a scale of zero to ten, with ten being the most bothersome and zero being the least bothersome or heavy, measure yourself. Where are you right now?

Now, there's a good chance it drops. Now, all I need you to do is to say yes to the heavy feeling so it would leave. Because most of us don't like the heavy feeling, which is why we're pushing down on it instead of inviting it up, when it really wants to leave. So just say yes to the heavy feeling. That's all. Just say yes. And say yes to the heavy feeling some more. And say yes to the heavy feeling some more. And say yes some more. And say yes some more. And say yes some more. And say yes some more. And say yes some more.

Now, on a scale of zero to ten with ten being the heaviest and zero being the least heavy, where would you be? Measure yourself.

Now, whatever number... I'm sure it lowered if you really mean it. If you're saying yes to it. If you're just saying say... The mind deals in pictures. If you're saying yes and you're saying yes if you go away, that's not the picture you want to deliver. You've just got to say yes, alright.

Now go ahead and talk to the heaviest. Say: 'Heaviness, do you want to leave?' Just ask it. 'Heaviness, do you want to leave?' It says yes. If you're saying no, you're talking to your ego and an ego doesn't want to erase anything any more than a computer wants to erase things. If you don't know what you're doing in a computer, it's built so you don't erase things. And who developed computers? It's minds. So minds work like computers and computers work like minds, see?

So just say to that heaviness: 'I love you'. 'I really, really love you. I love you if you leave and I love you if you stay. I just love you unconditionally.' Now measure yourself on a scale of zero to ten with ten being the heaviness and zero being the least. And let's hear from the audience right now.

Darius: Okay. So, everyone, if you've gone through that... Let me just give them a second just kind of feel where they're at and kind of what's going on and just make a quick note of where you are, kind of what happened, what came forward for you, and then you can share at www.youwealthrevolution.com/now - and just share kind of what came through, what you felt and what happened.

So, Larry, I followed along in this is well and I do feel lighter, I do feel kind of very much like a little bit more space. So, I mean, definitely this is a powerful technique. I know. I mean, we've seen it. We've done it. I know we've done it together privately before a couple of times years ago and I know we've done it on the call. So, everyone, share and let's see what you're feeling.

One person – Barry... We must have really pushed a shift. And Barry says: 'Larry, I am on the cusp of a shift right now. I can feel it. I know that I am on the cusp.' So a lot of people are feeling that they are almost there; they're on that cusp.

Larry: Okay. Well, once you activate beingness... You see, you move towards beingness, then beingness goes to work for you. It's the only friend you have, the only friend you ever needed, except we got used to relying on our minds as a friend and it's not your friend. The mind was built to keep you alive. It thinks. It's built to keep you alive. That's what the fear of dying was. And you heard what Lester said in his audio. He said that even your fear of dying leaves, you see. Because every feeling is a seemingly pro-survival feeling. Anger, frustration, jealousy, they're all seemingly pro-survival feelings that the mind uses to survive. In fact, the only thing that's going to survive with those negative feelings is your mind, and the mind will convince you that you're the mind.

Darius: Yeah. This is interesting...

Larry: And you separated yourself from the oneness, you see.

Darius: What's really interesting, you know, as we've been doing some studying on afterlife and things like that, we actually still are at some level... if we believe in this life we tend to carry on sometimes those beliefs in the afterlife.

Larry: If you don't get rid of your garbage in this...

Darius: Very interesting.

Larry: Darius, this is one big school. This is a school. And we came here to learn how to love everybody equally.

Darius: Yeah.

Larry: If we don't we get left back. And most of us have been left back millions and millions and millions of lifetimes.

Darius: Wow.

Larry: And you'll continue to do that on and on and on until you awaken and realize what you really are. If you can connect with beingness right now - and you can - and make that get used to hanging out with beingness instead to use of hanging out with your mind, you'll vibrate a very high level and you'll experience effortless... experience your untouchable peace, joy, inner freedom and have whatever you want. That's it. And if you're loving in natural way. And you can have that in days. You just have to hang out with it.

Now, what have most people hanging out with? What are we listening to? The experts. All of those guys in the government. All they do is talk and talk and talk and debate. That's all they do. And it turns out to be one big masturbate - I hate to say that. They just talk and talk and talk...

Darius: Yeah.

Larry: *Let's have a meeting.*

Darius: Well, I'll say this: it might be one big masturbate, because they're just doing it to make themselves feel better, but it's not helping anybody else. So that's my...

Larry: They're doing it for their own selfish reasons. They're afraid that if they do the right things they won't get elected again. So they're going to take the country down to the toilet so they can get elected and get elected to a toilet.

Darius: Yeah. Well, we'll see what happens with that whole thing.

Larry: But we don't have to be bothered with it, you see.

Darius: Yeah.

Larry: We don't have to be bothered with it.

Darius: Yeah. You know, we have a lot of people writing in and I want to share kind of what's going. And it's really true. I mean, a lot of people are wondering about some of the things going on with the current system and, you know, it may be that we're seeing the cracks in the system, and that's what we've been talking about for a very long time here.

So, you know, it really is part of what we've been predicting, and I've done tons of calls on that as well. So, you know, nothing to really worry about in my opinion.

Here we have Rosie says: 'I cried during the whole thing. I feel that...' There's good news. She feels like she released a lot of grief and now she feels relief. She says: 'Thank you for that experience.' That's Rosie in Chicago.

We have another person wrote in and said: 'There's no number that I can give it. I feel better.' And she says: 'Much love.' She's feeling better. There's no number she can put on the difference.

And Jane wrote in and said: 'I saw shimmering circles of waves like oil on water disappearing.' So, you know, it sounds like that energy just left and she's not fearing it anymore. It just disappeared.

Larry: It didn't leave. It's starting to leave. We've been here, Darius, for lifetimes over lifetimes. So unless you practice hanging out with beingness the mind will creep back in. It doesn't die that easy. It does not die. It doesn't leave that easily. See, you have to take it all, and when you do that you'll connect with beingness, and then from then on you're a true master. From then on everything happens to you without any effort whatsoever.

Darius: Wow. Wow. And, you know, that's a really key point to this. This is something we can fall back into, the challenges that we had before.

We had one person who wrote in who've done the Release Technique. 'I had a pain in my sciatic nerve and now it's gone.'

Some people feeling actually pain and the person... 'Larry took my fear down to zero.'

Another person said: 'I released some negativity. You gave us and me the key to happiness.'

So a lot of different things coming in, even bodily pain. Maybe we should talk a little about that because sometimes we miss that.

Larry: Alright. Well, what causes bodily pain? It's feelings.

Darius: Exactly.

Larry: What causes illnesses? It's feelings. What causes heart attacks? That's what Lester discovered. That was the cause of his heart attacks. Two minutes of heart attacks at the age of 42 years old. Once he got rid of this non-loving feeling inside to hang out in beingness, his body was totally healed. He didn't have to go back to the doctor and ask him: 'What do you think?' He didn't ever see them again. And once he did that he got so positive that he turned his direction to his financial situation, because he had a tendency to make money, lose money, make money, lose money. He would get bored is what he discovered.

Darius: Yeah.

Larry: He'd get bored and just kind of lose interest, and then the next thing you know the business went down the toilet.

Once he saw that he got rid of it, the negative feelings. See, all of these are subconscious feelings that are running us, and what Lester discovered is how to unlock the science of the mind and how to get into the subconscious mind and get rid of it.

Trying to block it out and trying to hypnotize yourself and trying to do affirmations and all that stuff is like trying to put a Band-Aid over cancer. It's not doing anything.

Darius: Yeah.

Larry: What you need to do is get rid of the thing that caused it, and if you have cancer what caused it is you have a picture that you have cancer and if can get rid of the picture - which we show you how to do – then the picture would be left that I'm healthy. If you have a bad back, you see, you're picturing bad back. And the mind deals in pictures, you see? That's all it is. So if you say: 'I want to get rid of my credit card debt.' What are you holding in mind if you want to get rid of your credit card debt? Credit card debt. You see?

Darius: Yeah.

Larry: So the mind says: 'Oh, Charlie only wants credit card debt. I'll give him a shed of credit card debt.' The mind is your servant, but you became a victim to it. And we set it so that it would kind of watch what goes on without us having to pay too much attention to it. And we lost our way. We lost our way. We lost our ability to discriminate. We're not discriminating. When I say to you: 'Okay, can you see that you're disapproving of in yourself?' most people don't know that they're doing it. So that's the first question I'll help you discriminate. And I said: 'And who's doing it?' You are. That's another discriminating question, you see.

Now, you need to make a decision. I'm going to be positive and love yourself or I'm going to negative and beat myself up. That's a discriminating question, because you have a choice. You hang out with beingness or you hang out with your ego. And once you decide to hang out with your ego you're up the creek without a paddle.

Darius: I want to share this one from Nine. Larry, your team sent this in. This is interesting. 'After my first month of releasing I have these gains to report. My allergies, hay fevers, sneezing, itchy eyes are much lighter, the first time in 10 years or more that I do not have to take any medicines for that. My awareness of reacting to others and situations is rising and I release on everything 24/7. I'm calmer and worrying less for things that did or did not happen, and I resolved my big time management issue. I'm now arriving on time.'

A lot of different areas that this actually helped nine with. Do you have any other favorite stories that you'd love to share?

Larry: I have tons of them. There's a lady, Martha. She said: 'Lester's program has uncovered for me the biggest program running in my life - that's perfectionist – and has showed me how it has affected every aspect of my life. To discover this and let go of this amazing side effect that I'm not good enough, not smart enough, and all of those deviations coming up from that program... The illumination of it truly has dealt with a great deal of getting rid a junk. I'm amazed now that I've become more and more accepting of everyone and everything and the words flow from my mouth at the right time. I'm not afraid to die and I'm not afraid to live. Martha.'

Those are big things. So most people have all these programs and they don't realize what they have.

'Today, my son was very upsetting and yelling at me and it didn't affect me. I was sending him love and I didn't get caught up in what he was saying. After we finished,

he put his arm around me and said: 'I love you mom.' And then we went to lunch. It was a very enlightening experience.'

Cynthia is another person: 'Life became more effortless. As soon as I have the thought that I have something, I let it go, and it ends up getting done without any effort on my part.'

Darius: Wow.

Larry: Here's Katarina from Florida: 'I experienced a tremendous shift which I do not know what it is. It just happens. I'm now in beingness and having. The biggest gain out of this besides beingness, I have only a few hours of sleep. As I keep releasing I still feel energized and this morning I did my housework and now I'm experiencing when I'm fearless and no resistance. Just do it and the energy is tremendous. Everything just flows in my way. Thank you.'

Darius: Wow. Wow. Wow.

Larry: Another lady made \$50,000 by releasing and on and on and on. I could go on for an hour.

Darius: Well, let's do this: I want to see if we have any questions from the audience. Guys – and girls - if you could send in any questions you have for Larry or anything that's come up. And then you actually did something with some of the rare recordings of Lester and some of the deeper teachings for the advancement teachings.

Tell me about what's going on and the latest edition that you released and some of the new updates and some of the higher energy things that are now part of this program that you have.

Larry: Okay. I'm glad you asked me that because basically when I started to hear what some of the speakers are doing I started to realize that it's no longer that advanced. What I felt is that a lot of the audios that we have from Lester were too far advanced and they're going to get people spinning around.

Now people have gone and are ready to move up, thanks to people like yourself, Darius, who are working on these areas, and therefore I didn't see any reason why to keep it... I came out at the closet with it.

We have several hundred Lester talks, all are which are amazing, all of which were different. And I put together a package where I have 40 Lester audios – 40 of them. That's priceless. Nobody has those kind of audios where somebody speaking the truth and you know that they're speaking the truth because his world-acclaimed and known as the true master, right?

So I put it together but I also... Lester was getting people high with these talks and if you listen to the talks...

Darius: High?

Larry: High, yeah.

Darius: Okay.

Larry: Okay? But if you don't know how to get there and your ego latches onto it, you're kind of going to stay there. You're not going to move. Your ego latches on and says: 'Oh, okay. That's terrific. Yeah, I know it all.' And that's a danger. The ego is a cute thing and it doesn't die. So it'll grab onto it. It's called the *ananda sheath*, a bliss sheath, and it's a trap.

Darius: Yeah.

Larry: You get into a bliss sheath, an *ananda sheath*, and therefore less is bothering you and therefore you don't want to look anymore because you don't want to be bothered anymore. And if you don't take out the remaining deepest feelings that have been very suppressed for lifetimes, if you don't remove them, sooner or later they're going to knock you over. And I see that happening with a lot of my graduates, which is why we encourage people to continue to work and dig and dig and dig, you see. If you don't dig them out, sooner or later they're going to hit you. It's like having a virus in your computer but very suppressed.

Darius: I've got jump in because this is fascinating. There's a lot of people that do spiritual work and then they sort of like get into a blissful state and they find they're happier but they're not really... they lose their... I guess they lose just their... it might be their inaction or maybe just taking certain actions and sort of in that blissed out state but then things kind begin falling apart and then they just keep wondering why can I not stay in this state. And they can't pay rent, they can't pay their bills, and they're just sort of, you know... and they don't understand. Is that what you're talking about?

Larry: Exactly. The ego creeps in. Now, you take people like these very wealthy people.

Darius: Okay.

Larry: You see, what happens is the more money they make, the more they perceive that that makes them happy.

Darius: Right.

Larry: So they can't stop. They're like addicted to it. They've got to have more and more and more and more. And when that runs out they don't have any place else to turn so they try vacations, they try yachts, then turn to drugs and drinking, and when they do that the ego's really got you, then it's downhill ever since, you see?

So they perceive that their happiness is coming from the world. It's like a man who's dying from water. He's on a desert and he desperately needs some water. So he's crawling on the sand and all of the sudden he sees what looks a... what do they call it?

Darius: A mirage.

Larry: A mirage. So he jumps in the mirage and his face eats sand.

Now, listen. The world is a mirage. Take a look at all the people who seemingly are happy and see if they really are. There's a guy called Karl Eiker. He's a

multibillionaire. He's taking companies all over the place. Look at his face. Does he look like he's happy? Does he look like he is peaceful? Take a look at Malcolm... what's his name? The guy who owns the *National Inquirer* and in England owns most of the media.

Darius: I don't know.

Larry: Does he look like he's happy?

Darius: Yeah, yeah.

Larry: So what is it that is happy? What is happiness? You can take a look at Lester's picture when you look at the... There's a landing page there. You look at his face. You'll see what real happiness is.

Darius: There's also a video there and Dayna's actually asking do you have recorded courses or are they all live? And I'm going to say actually, Dayna, this is recorded and you can access it immediately.

So let me do this. I'm going to give them the page so people know where it is. People are asking where they can find out more and watch the video from last year/ And then maybe we can talk about kind of what you added here and who it's for and how they can use it. It's going to be at youwealthrevolution.com/larry2013

And on that page, Larry... Let's go through kind of what's here. There's a lot of cool stuff, including a video from Lester...

Larry: And two full-length videos.

Darius: Okay.

Larry: But he's talking very, very far out.

Darius: Okay.

Larry: But he's talking the truth. He's talking the truth.

Darius: Wow.

Larry: If you want to hear the truth then this is the package you want to get. And there are some people who have already ordered the Release Technique, and this is not going to compete with it. It's just going to take you to a higher level. And for those that don't have the release, you don't need it because we've covered everything in this audio and we're listening to what Lester has to say, which is the truth, and then I'm coming and I'm showing you how to get to that experience yourself.

So you're not getting high off Lester - which is okay - but then you're going to learn how to get high on your own and get your own answers.

The package comes with 30 sessions in all... Lester and myself, called the Enlightenment Method. It comes with 134-page workbook, and in addition to that we've got lots of bonuses. You get 16 extra Lester and Larry sessions on separate things - how to get rid of anger and fear and guilt once and for all; how to get rid of

sadness; how to get rid of badness; how to get rid of pain.

Darius: Pain. I see depression. I see...

Larry: How to mess your body. Lester has two CDs about what is love. Now, most people have no idea about it and you'll hear what he has to say and how to get there.

You see, love is something that can't be explained. You've got people are writing books about it, writing poems about it, writing songs about it. It's not at all. You either is or you ain't.

Darius: Right.

Larry: You either have it or you don't. It's indescribably delicious. It is so delicious and so fantastic that once you taste this you're never going to be chasing all the other stuff. And the joke is once you taste it the world comes to you... the world becomes at your feet.

When Lester went totally free he never hit a red light. He lived in Manhattan. Never once did he hit a red light. He never had a parking spot. He didn't know what... The cab drivers and policemen would give up their parking spot to him, because he was vibrating at such a high level. When he went down the Westside Highway, if there was a traffic jam, the traffic would just open up like the Red Sea.

These are things that he experienced. And when he turned his direction towards money - and I told you he had a tendency to make money, lose money - what he did is he accumulated 32 buildings in Manhattan worth several million of dollars without paying for it. No money at all. And then he turns around and he... Again, he had no limitations at all. He told me that he wanted to prove to himself that he lived in the world of having, and one of his heroes was a man called Yogananda. If you ever read Yogananda's book, he has a story about the penniless boys from Brindaban, where he went with a buddy of his to Brindaban with no money in their pockets and they were all taken care of. Lester set out to prove that himself.

So he went to California with no money in his pocket and when he told me that I had no frame of reference. I said: 'You mean you went downstairs and you were begging, or what...?' He said: 'No.' He said: 'I went down there with the inner knowledge that I'm going to California with no money. That was it.' He said: 'I hit the street. In about five minutes a man came over to me and told me: 'Lester, I owe you 500 bucks and I've been looking for you for several years. Here's the 500 bucks.'

Darius: Wow.

Larry: He went to California and he gets to California, get off the plane, he had no car, no food, no nothing. He's picking up his bags at the beggar's counter. Another man comes over: 'Lester, I haven't seen you in 15 years. I happen to be leaving town. Here's the key to my car. Here's the keys to my house. Our refrigerator's full of food and have a nice time.'

So he came back the same way. Now he comes back and he tells me that he went

around the world that way with no money. Around the world. When he came back I had no frame of reference. When he came back he then said: 'I don't need to carry the money with me anymore.' You take a real master. They don't have pockets. Yogananda or Buddha and he had pockets? They don't need pockets. Did Gandhi have any pockets? No pockets. Gandhi was a true master.

So he turns around he said: 'I gave the buildings away.' Now, I had no frame of... 'What are you talking about? Who did you give the buildings to?' He said: 'I gave the building to some people who would treat the tenants nice.' How does that grab you?

Darius: Yeah.

Larry: And then he went to Sedona, Arizona with just a little... a new car and that was it, and he accumulated a few thousand acres the most valuable property. He didn't accumulate it for himself. He accumulated it for his followers.

So those are the kinds of things that Lester did and I saw him do lots and lots of miracles, because he was a true master. And you can see.. You know, we have two videos. We have his life story included as a bonus called *No Attachments, No Aversions*. We have another book, which is amazing. It's called the *Ultimate Truth Book*. He discusses happiness, ego. Any questions you have he covers it in his book.

Darius: You know what strikes Larry, really quick? I just want to say this. You know, he was a self-made master. A lot of people, you know, they have this belief that you've got to born a perfect life, you've got to born anointed and things go perfectly for you. And here was a guy that was unsuccessful, had a heart attack, almost had to die...

Larry: Two of them.

Darius: Yeah, two of them.

Larry: That was his teacher, his heart attack. Two heart attacks was his teacher. A lot of the people think they have a lineage.

Darius: Yeah.

Larry: He didn't have any lineages at all. His lineage was that they told him he's going to die and he didn't want to die. And he discovered that you can't die. And I can tell your right now I know I can't die. It's impossible to anyone to die. And not only that, but the people who have so-called died already, you could talk to them. They'll talk to you. They're in another dimension but they can talk to you if you're interested in that, and they're laughing and they're happy. It's like when you go to sleep.

Darius: Yeah.

Larry: The reason we like to sleep is we get away from this crazy world. It's not easy. If you want to know what the most difficult planet it is to live. It's here on earth and Buddha called this...

Darius: Exactly.

Larry: Because we're consumed with desire and we've been brainwashed to be capitalistic and desire... and that's what's going on in the Government and that's what's going on all around all around the world. And the truth to the matter is everybody can have everything. All they've got to do is align themselves with beingness and then peace would come all over the world. It's your natural way. You can't be other than that.

Darius: It's at www.youwealthrevolution.com/larry2013. And there's lot of few other points here...

Larry: Well, it comes with a 30-day money-back guarantee and it also comes with free coaching. Now, I don't know that anybody does that.

Darius: Yeah, let's talk about that, because for a lot people they may not understand. The free coaching, tell us about how that works and who's doing the coaching?

Larry: Alright. I've trained a bunch of students of mine who do it as volunteers, but we have weekly trainings so that they're not misleading anybody. And they call once you're a graduate. If you have a question we'll show you how to release. We're not doing Dr. Phil. I don't want him to do that. We're just showing you, when you call what your problem, just like I work with people on the phone, we show them how to do that. We also have a free Wednesday night call, which are hundreds of people on the call. I lead or one of my teachers lead and we answer questions live right on the call, so people can experience it. I need to look myself in the mirror and I like what I see.

Darius: Exactly.

Larry: And basically what we're trying to do is help people find out who they are and enlighten themselves. This is called *Enlightenment Method*. Now, if the world was enlightened we wouldn't have any problems. They'd be no fighting, no anything, if people just knew what love was. And love is the answer to everything. You have this severest problem in the world, if you would love more the problem...

When love is total, 100% complete, the problem disappears. Your illness will disappear, your financial problems disappear, your relationship problems only flower. We don't know what love is and we don't know how to experience it. Talking about it is okay, but learning how to experience it is a different story.

I find that most people on the planet don't really love themselves. They might say it, but if you... All these so-called cultures and all that stuff, if they're experiencing trouble it's only because they don't really 100% love themselves.

Darius: Yeah, yeah. It always comes back. I mean, it always, always comes back.

We've got a few questions I want to get to and then I want to share the page again and anything else that you want to let people know about. It's at www.youwealthrevolution.com/larry2013.

There's two videos from Lester there and this is \$197. It's a value of \$4,200 and they get it instantly, right Larry, or very quickly? So it's not something...

Larry: It's digitally downloadable.

Darius: Okay. Because one person was asking: 'Where do I take the class?' And this actually is something you're going to take it at the privacy of your own home and very quickly you can get started. And there's also just a ton of people. One person talked about a miracle. Another person said they found peace. Another person said: 'This lifted the weight off me.' Another person: 'Financial gains, car crash fears reduced.' And just a lot of great stories. Just a huge number of them.

And all the bonuses as well, plus 30-day no-risk. You called it the love it or shove it guarantee. So people can actually release for 30 days and I guess if their life doesn't get better and they don't feel like it's for them, you know what? There's no risk for them either, right Larry?

Larry: And they can also, in the meantime, in the 30 days, they'd be making a mistake not calling the support line if they're not sure that they like it.

Darius: How many times can they call the support line?

Larry: As many times that you want.

Darius: That's beautiful. Wow. Well, that is wonderful. So as many times as they want and...

Larry: It's open from Monday to Friday from 9 to 5:30 Pacific Coast time. But we have coaches of... people who are helping people support line all around the world.

Darius: Wow. Wow.

Larry: Almost every country in the world.

Darius: Wow. Alright. Let me see if we've got any other questions. Let's see. We've got one question asking about finances, and I think we've kind of covered that. So that definitely is something that for finances we've seen results. Another person is asking about physical pain. I know we've seen results from that.

Anything you want to share on some of those issues – financially and physical pain?

Larry: We've done some research. There were three areas that are troubling the world mostly. Number One is financial. That's why we so much trouble all over the place.

Darius: Right.

Larry: The Government...

Darius: Right.

Larry: I used to be partners with a guy called John Huntsman who was in the Nixon administration. He's one of the richest guys in Utah. And I tried to tell him about the Release Technique because his family is Mormon and he has quite a few people in his family. They have big families that have cancer. He even put up \$2m for a cancer hospital in Utah. And he won't listen to me. You see, he won't listen to me. I tell him... He said: 'Well, the doctors have to decide.' That's like going to a drug dealer and asking would you like to stop taking dope?

So I tried to talk to him. He's a nice guy. He's a loving guy and I try to let him know,

but if he can't listen to me I just love him. There's nothing I can do about it.

Darius: Yeah.

Larry: So he's in the... Everything is wonderful and his world is about... He has his own private plane and he has a lot of money and all kinds of things are happening to him. So as long as that's going well with him he's not going to look for an answer.

Darius: Right, right.

Larry: So the truth of the matter is that there are thousands of people getting rid of all kinds of financial problems.

Second thing is health. That's a big problem with people. People have a lot of pain and so on. Here's a lady... Can I have time to read a gain here?

Darius: Sure, yeah.

Larry: It says: 'I had a huge gain, which I tucked away and I was not given full acknowledgement. It's worth at least \$50,000 and it was such a relief.' It was at a time that I had specific goals, so it was a big step towards my consciousness. So I wanted to shout it out and say: 'Yes, yes, yes, I love you. Thank you. And that deal alone was worth \$200,000. In my community I've had fear about stepping up and acknowledging my financial gain. I just wanted to be straightforward and claim it now. I'm allowing myself to feel my feelings more freely and day by day I incorporate this wonderful technique into my conscious and awareness. I feel new peace and acceptance in my life just as it is today. I have love. I have money. I am happy. I have a rich, abundant, wonderful life with ease and it just keeps getting better and better. James Stanton.'

Darius: Wonderful.

Larry: Oh no, I'm sorry. That's a lady from Singapore. It's Maureen in Singapore. So we have, I don't know, tons and tons of them all over the place and everything... People getting rid of cancers, heart attacks, epilepsy, you name it. It's all controlled by the mind. So if you think you have illnesses you get to have them. If you can release them and take away all the programs that you have - fear, resistance, desire - and take them out of your mind you'll live in the world of beingness, and beingness will actually take care of what you're concerned about. And then you become a real human being. You see, we're not human beings now; we're more minds.

Darius: Yeah, yeah. I love it and, you know, so I'll say this to everybody. This is something if you felt a shift on the call or you're curious, you want to go deeper; if it resonates with you. We did a lot of releasing on the call. We even did something with the group.

A lot of people writing in. One person said: 'I can't even put a number on where I'm at now.' I felt definitely some releasing as well. So, you know, we've worked for Larry through a lot of different things over the years and I really do believe in the power of this work and the shifts that we've seen through people on the You Wealth Revolution has been just huge. I mean just huge. Every time we get together, Larry,

we do processes on people, we take live callers, we take the skeptics and I've always had someone come back and say: 'I feel lighter. I feel more released. I feel better.'

So if this is for you, you can go to www.youwealthrevolution.com/larry2013.

Well, Larry, thank you so much. Any final words for the group or anything else that you just want to share?

Larry: Yeah, everybody seems to be moving, even my graduates who've been around the years. They just take all the classes... They are growing so rapidly. It's so amazing. And I tested this program on them too.

Darius: Right.

Larry: There's quantum leaps that they're making. They made big leaps. They're making million of dollars getting rid of illnesses and all that. They're now going even further than that. You can feel totally complete and totally fulfilled in each moment in more ways you can possibly could describe - it's indescribable - once you connect and get used to being with beingness and get used to what real love is. That's without wanting in anything. Unconditional Christ-like love happens to you without being religious, without any of this stuff. We're just showing you how to get rid of the problems.

Darius: And I want to say this: this program, if you haven't gone forward with releasing, this is perfect for you if you're starting from zero and this is the first time you've ever heard this. If you've gotten a program, there's also parts in this that are advanced. So for the people that maybe have done some of the first levels or heard Larry before and...

Larry: It's not even a first level. It's just where we're all coming from.

Darius: Yeah.

Larry: Again, I came out of the closet. I've always know that's what I wanted, to deliver it in a way that people didn't freak out.

Darius: Right, right. It's...

Larry: And now because of people like yourself and other people who are talking the way Lester is talking, the difference is he's not just talking; he's being it.

Darius: Exactly. Exactly.

Larry: And so by showing people exactly how to get there, they're just moving in a higher level.

Darius: Yeah.

Larry: And I myself have moved into a higher level just doing it, because as you keep working on this work it just gets better and better and better. And the reason I do it is because it's the greatest thing that I can do for me, helping you discover what love

is. And once I discover love, talk about me, talk about you and I realize what's the difference. We're all love and we're all one, and we don't have to separate ourselves.

I have no more enemies. I have no more desires. I have only peace around me and only the thing that happens is peace. And the reason I'm doing this is because I'm following through what Lester's wishes are to have this being shared with 10% of the planet. So I need a little help from you. I got it to about a 100,000 people. So at the rate I'm going I only have to hang around here for another seven hundred million years.

Darius: Well, we'd love to have you.

Larry: You're doing a big service here to the world and if we could do that we could stop all these chaos, stop what's going on, stop all the worry, stop all the resistance and stop killing each other.

Darius: Yeah, yeah.

Larry: And that's what Lester was talking about.

Darius: Yeah, I love it. And you know what? And, you know, I want to say this to people. If you're concerned or you're worry about, you know, well, this is happening, that's happening, you also can live in another reality, which is the reality of peace and love and flow and it's based on what your vibration level is. And you can, like Lester, have things show up and have good experiences where maybe other people at a lower vibration, you know, they're dealing with all sorts of things that are created through the mind and through the vibration that puts them in certain places, and things happen and events transpire and things unfold.

You know, I do believe this is a very much a holographic universe and we are projecting our reality and our future and our experiences every day.

So just think about that and if you want to go deeper it is at www.youwealthrevolution.com/larry2013.

A lot of times you're going to feel a big difference. I know I do. I'm sure Larry does. We all feel a much lighter, more free feeling. So feel that, be part of it. If you want to go deeper it's at www.youwealthrevolution.com/larry2013.

Much love. Thank you, everybody. I love you. I care about you and I appreciate all of you tremendously.

Much love. We'll see you on the next session. Bye-bye, everyone.
